

Dear Year 2,

Duncan, I know your year 2 teacher asked you to use your crayons to colour in your African picture for art, but I am sorry to say that we have quit! We no longer want to stay in our box because we have had ENOUGH!

We will send you another letter shortly, explaining WHY we have quit. Until then, you will have to find something else to use to do your colouring.

Your miserable friends,

The crayons

Activity 1: Read the letter

Activity 2: Write questions and then answer making your predictions why the crayons might be fed up and upset?

e.g. who, what, where, how when, why

*Why do you think the crayons quit?*

*Where might they have gone?*

Write your questions and give your predictive answer from the point of view of a crayon in your writing book. Remember to add reasons based upon what you have read and what you think might happen next.
